Serial No.

reconsidered and that he may be re-
~~place~~ stored to his former place.

3) After careful consideration of all these aspects and examination of all the circumstances ~~of~~ it was finally decided to permit him to retire from service under Art 311 U.S.R. All the pleas put forth by this officer have been duly considered and there does not appear to be any fresh grounds deserving a reconsideration of the G.O. As ~~as~~ has been discussed at length in the notes of the file placed below this officer does not have a good record of work which is one of the grounds for a reconsideration. He states that he had no notice of his retirement nor that he was subject any punishment or degradation earlier. But the fact is, his increment was withheld in G.O. Ms 28/7/49 because of his bad work.

There does not appear to be any force in the points raised by this officer for a reconsideration of the retirement order.

'A'

Submitted for orders as to whether the case which was ordered upon about two months ago may be taken up for re-examination.

Representation dt 12-/3/50. from Sri Kaniyar Narasimhaiyengar, Surgeon, Victoria Hospital. - Since Compulsorily retired - praying for a reconsideration of the order directing his retirement & for reinstatement to Govt. Service.

"X" '2'

The circumstances under which Sri Kaniyar Narasimhaiyengar was ordered to be Compulsorily retired is explained in the file placed below. A brief history is given in the Circulation note of that file flagged "X". This officer was retired in G.O. dt 27/2/50. flag "2"

2) The contention of this officer is that the reporting officer was vitiated by party politics & Communal feelings, that this order came all of a sudden without any notice to him by way of warnings, degradation less of place & promotion etc. that there has been no bad remarks against him, that he has always worked hard to maintain the highest traditions of Govt. Service, that he has not been accused of any charges of bribery or corruption. and that he is a father of 6 children and it would be very hard for him to maintain such a family. In the circumstances he prays that the Govt. order directing his retirement may be

SECRETARIAT
Date 17

17/4

Sir,

I am in receipt of the proceedings of the Government of Mysore (Strictly Confidential) Order

No M. 11585/8.7 CB 305

49-1 dated 27th February 1950

on 8.3.1950.

I very painfully regret for having caused the pause.

I am very much thankful to you for the pause.

Please permit me to submit herewith a brief report of the work done by me during the years referred to in the order i.e. 1944/1945 and 45-46

and of my subsequent
transfers to other places
subsequent to those.
This will I hope convince
you that I have proved by
the appended statistics
and remarks and circum-
stances of the reporting officers
by those periods.
These officers have been moved
personal feelings, private mo-
tives to bring up other officers
of the same Department and
~~a Variety of motives~~ communal considerations, party
politics, and a variety of
motives that you may know
playing every day. Such an
order is the first of its kind
on me. I have not even re-
warnings, degradations, loss
of any place or promotions
due to an officer of my

Status. A reference to my service register maintained at the Comptroller's office will prove this. I have not even taken more than about three and a half months of privilege leave. I have continuously worked in almost all the Districts as Assistant Surgeon, Mysore, District Medical officer, Railways Medical officer, District Medical officer, Chitaldrug, and Mandya District. A review of the Government order about the Medical administration during the above two years will bear testimony to that.

The last date of my increment that has been granted is 1-1-50 as Rs 590/-

In no year is there a bad remark about my work

The University Medical College has engaged a very considerable part of my work whether directly on its staff or otherwise. Such an order will cut short my life by not less than ten years.
Social status will be reduced to a minimum in my advanced years.

I have never practised in any institution in which I was placed — Medical inspector of schools, Officer in famine area, district officer in affected Mahal with the lowest rates for their coffee seeds.

The words 'Lacking in Character' have been used to indicate

as I am personally told by the reporting officer that it is a reference to my not being a club man

All the increments have been earned and granted without allowing any supersession up to now.

Now, I pray that you may be kind enough the reversing the Government order referred to above and to restore me to my proper place as on the last date of the order and an interim order to stay the execution of the same.

Allow me please to earn my next increment in a quick and efficient manner. I assure you, sir,

that, in spite of these remarks
I shall take up the surgical
work of the higher order in
any Major institution as I
have done in the past.
The lapses in the intervals
are not due to me, as you
will be pleased to make out.

With a view to become the
higher officer of the state, I
have maintained the highest
traditions of Government
service. Professional and
administrative. Nobility
of character, discipline,
loyal sympathy and fellowship
have been observed in one connection
or other of the remarks of the
several inspecting officers.
I have never been accused
of serious charges of any kind

bribery or corruption.

I am a father of 8 children not one has yet finished any professional course since I have been away from them, on public duty leaving them to their lot as there were no high schools or colleges of a high order while I served

Considering all the above circumstances, my professional qualifications, status and humane ones above all, may I now appeal to you to be gracious to cause the reversion of the said government order and bring peace and prosperity to me and to my family.

Yours Sincerely
Nancy Nasambu

After such representations I was transferred to Krishnarajendra Hospital for Surgical Work.

When transferred to Thirthahally in No M 6835-Med-2-43-21 dated 19th January 1944, I submitted a Memorial to the Hon'ble Senior Surgeon to be kind enough to have the order altered as I had already served in

Milward continuously for three years at Sackville Street when I personally represented the same at his office. He made me understand that the then Minister for Public Health had caused the same as a temporary measure in view of a grave situation having occurred at that locality, namely, the Municipality had been repeatedly requesting the Government for posting a Senior Assistant Surgeon as per Government orders of several years and that there was a likelihood of a resolution being passed thereby not only withdrawing the usual municipal moneys to the Hospital and also possibly establishing

an independent institution
under the powerful Congress
party three, presiding the fair
name of the Government of the
Highness the Maharaja of
Mysore ~~of C & S~~ ~~inc~~. At the
same time he permitted
me to personally submit
to him and if he was pleased
he might be willing to change
me to some District Hospital
as District Medical Officer.
In about four Months I
worked there extraordinarily
well, maintaining a very
high order and attendance
both which had considerably
gone down to the lowest
recorded figures of
that institution. Soon
I was made the District

Medical and Health Officer, Chittledrug. When I went to the Senior Surgeon's office to pay him my respects and to take his instructions from him, he felt sorry that the Minister had caused three two orders and not the Senior Surgeon as was usual. I could not, however, make out anything. He made me feel all the same time that I joined the Congress party though I had nothing to do with any political party and that I had always been a Government servant of a high order.

By a few more months, he made out that I was a teetotaller when he programmed

In his section of the District Hospital Committee and also had not deposited money in the Galveston bank, and not canvassing for the same. That I was a teetotaller and a non-smoker was a surprising point to him. He made up his mind to get me dismissed from service even against my long and good years of such service.

Copy of the statistics of the District Hospital Chitledrug.

	1945.	1946 to date.
1. No of beds provided	40	
2. Daily average no of Inpatients	41.	53.06
do Outpatients	303	354.29
3. Number of Operations Major conducted	30	60. +
Minor	850	865
4. No of labour Cases Conducted in Hospital	297	241
In town	79	90
5. Hospital receipts since 1.1.46 In patient charges	71-1	
6. Miscellaneous charges realised	50.	
7. Pathological examinations done	654	422.

26th July 1946

Copy of the same submitted to the Senior Surgeon with the Govt of Mysore Bangalore.

Lenaye Narasimha Rao
District Medical Officer Chitledrug

Lenaye Narasimha Rao
D.M.O.

Copy of the remarks made by the Minister for Public Health and Education during his visit to the District Hospital Chittledrug on 28th July 1946

Visited the hospital with the Senior Surgeon. Went round the wards and found them full with patients. The hospital was and premises were kept clean and tidy. The institution is popular and Mister Kaniya Taras Tshering is doing good work. There is a great need for a separate out patient block and quarters for the medical subordinate and nursing staff. The

construction of these buildings may be expedited.

Copy of the above to be submitted to the Senior Surgeon with the Government of Mysore Bangalore.

He tried to misrepresent and damn me permanently by an oversight in the Operation register of Chittagong hospital a wrong terminology when discovered after I had left that place. In his confidential D.O letter no C. 1477. dated 10th December he was kind enough to use harsh language. In my reply D.O letter of 11th March 1947. I regretted for the same. Very sincerely and requested him once again to forget the same in view of the fact that I had performed these operations for several years with proper terminology there and elsewhere

I had very severe strain at Chitteduy during the time and a greater part of the Work famine known in Mysore. I had to travel over a hundred miles in Carts over villages and also in connection with the inspection and disposal of several Village sites pending over two years. I therefore requested him to cause transfer to me as early as possible to another district. But he went on reminding me that I had joined hands Congress party that was getting into power. also at one of the meetings of the Mysore Medical

Association he made Medical
Officers and subordinates not
to cooperate with me in their
least from that date: They all
came to an understanding
in the Medical association
not to cooperate but
simply pretend doing their
some, though no Government
way other authoritative
orders were issued to
the same to me. The Medical
Officer of the management of
Hospital maintained the
same attitude and tried his
best to prevent me from working
there henceforward.
Struggle still the Government
ordered C.B. No 460-1 of CB
402-66-1 - dated
24th July/47

degrading me from Rs 500/- to 450/-
making the then Government
feel that I was a Congress
man using such expressions
that I was looking in Chinese
when I requested him for a
copy of these he would not
be kind to do the same.
But made me feel that
I should not be a teetotaller
if I should continue in
service. At the last medical
conference in 1945 at Mysore
when the president and several
others of the Association made
out that I was a teetotaller the
whole section of them were
orally instructed not to
assist me in future and

by to please me me from service
With such an attitude, the
Nominal I was transferred to
Victoria Hospital Bangalore
last year, the Director (Honorary Surgeon and Dean of Hospitals)
he understand that under
I changed my attitude and
go to the club and drink with
him thus make him understand
that I had become one with him
and in this attitude, he would
not permit me to work in
The Government has been
Kind enough to sanction
the last increment due
to me up to 1.1.50
During the last six months
With the permission of the Honorary Surgeon
Director I have re-joined and
of Hospitals

occasions submitted orally
this fact and on all those occa-
sions I have been assured
that work would be found to me
soon at this hospital.
On such repeated assurances
from the Government I have
been hoping for work.
From about 13th August
1947, after receipt of
CB 460-1/CB 402-46-1
dated 24th July 1947, I have
resubmitted a memorial to
the Senior Surgeon to get that
order the harsh hardship that has
ever been served on me in spite
of my status and work
already put in the Service
referred above cancelled
and restore me to my post.

place. Month after month I have
been repeatedly requesting him
and he did not either be kind
enough to acknowledge my
representations through his
office or allow them to be
submitted to the Government
of His Highness the Maharaja of
Mysore.
As a last resort in confidence
D.O. No C253-3 dated 11th
September 48 I had to sub-
mit the papers to the Government
and submitted a copy of the
same to him. I had not
drawn my pay for about
17 months for no fault of mine
During all that time he
had prevented me from

working at Kumarajendra
Hospital as I have already
submitted. A
An advance also is
due by me to the Government
of Mysore on Treasury Receipt
No 792 / dated 8-12-49
deposited on 7-12-49 at
the Deputy Commissioner's Office
Bangalore
No 1419
1/49.

At Chilledrug District Hospital

I got the following done
not much liked by the Veterinary
Surgeon

1. Cow shed to milk at the premises
2. Brahmin kitchen in respect
of the proceedings of the Board
of the Visitors — A Cook and
establishment.
3. A brahmin Kitchen block
in the District Lock up according
to the orders of the recent recommendations of several authorities
4. Insistance of milk being
drawn at the hospital premises
& failure to do the same resulted
in fining the Contractor to
the extent permitted to the
Officer. This went up to Rs
200 to 300 when there was a
possibility of the same being in-
sisted upon the Contractor
brought the requisite number
of cows as I frequently inspected

the operations myself.

5. Insistence of fairly regular duties to the officers or sub-assistant surgeons especially during night and warnings for serious breaches including recommendation for transfers to other places.

6. My attitude towards the District Board, Municipalities, and other allied ones has been very courteous dignified, non interfering yet maintaining perfect Government orders, and objections of the part years. In many places however, on account of the Congress activities several seats and offices have been captured by them for which I am not in the least

responsible.

7. When I had not allowed a few cases of Mysore Government Life Insurance due to much weight w any other regular cases after myself weighing and examining the is said to have got them fit by some of the Colleagues of mine

8) He was rather too much interested in being influenced by the family strong Committees the Ministers and others without much thinking of the poor classes in villages with the greatest difficulties; Even during such an intensive famine he did not take particular care for the provision of Van when the Government

was anxious and generously provided funds by crores in fact. I requested him very frequently for the same. Copies of weekly reports of the famine conditions were being submitted by me to the Government also proper resolutions for maintaining the same were obtained at the Municipality and the District Board.

9. Almost at the close of the famine he sent a Van proceeding to do some service through two officers who had returned from War service and in whom he had special interest. He could have travelled a little more in the big according to my personal

regrets and submissions to him.

10. I think, Sir, I am the only Officer who had such intensive tours in to the villages scattered far & wide, walking several miles a day, inspecting all that is remains regularly there not being inspected for three to four years. Under such circumstances and also if there was a possible method of T.A Bill an unkind remark was levelled to make me feel that he was rather not fair one. I know, under audit objection anything can be scrutinised with magnifying glass and to pare nails. The difference in the whole period could not

have exceeded a few hundred rupees. Now any officer with have I am sure a similar occasion continuously again. The kindness of a Junior officer was not shown to me.

Revenue Secretariat:

Review the Administration report of the Revenue department for the year ending with 30th June 1966.

2) Adevelopment officer of the status of an Assistant Commissioner was appointed to each District to attend exclusively to the rural development work

3. Tours and inspections:

The Deputy Commissioner Chittoor Camped out for the largest number of days and inspected the length and breadth of Villages, roadside and interior.

P Distress Relief measures
N Though no area of the

state was declared as famine stricken under section 4 of the famine Code, relief was provided in every possible way to the people of Chittedrug. Kolur & Turuvekere Dis

tricts where signs of distress were noticed early in November 1945 & deepened on account of the failure of the North-East Monsoon.

Office of the District Medical Officer, Chittedrug.
20th December 1946

2174

Dear Mr Narasimhiengar,

I am appending below an extract of objections raised by the senior surgeon in your Travelling allowances bill for the month of October 1946 and request you to arrange to

send your reply in the matter at an early date.

Yours sincerely
(Sd) Lakshmana-chari
Padre.

The necessity for halts after site inspections in the under mentioned places may be reported

0-10-46 Hulikunte 36 miles from Head quarters

15-10-46 Bomma Devanahalli. 73 miles from Head quarters

20-10-46 Gopenahally 27 miles from H.Q.

24-10-46 Malebomma hatty 48 miles fr H.Q.

27-10-46 Chikka mallanahally 42 miles

Replied

Rks Manager &
Hospital Mysore

To the District Medical Hospital Chikballapur.

23rd December 1946.

Dear Mr. Lakshmanan and Party:
With reference to your letter No
2174 dated 20th December
1946, I write this ~~Ato~~ state
as follows:

1) Bommandevanahally
15.10.46 7 3 miles from
H.Q.
is the border village in Rama
puri Hobli about miles from
the main road along
Chitledrug Bellary road
I had to walk that distance
and return to Ramapuram
post.

2) Mabelavanahatti
is the border village of
Nayakanahatti Hobli
and about 18 from the
same: I have actually
spend 18 hours in the
country walking for the

Journey.

3. Ai Hadiitute

- Gyanahalli and
Chikkamallenahalli

a Considerable part of the
journey had to be done
in Country tracts, &
several alternative
sites in the same places
had to be inspected
before expressing my opinions
in the matter.

I therefore submit that
I may kindly be permitted
to draw the travelling allowance
in these places.

Yours sincerely.

I have sincere thanks
him for his appreciation of
my work a few days after
the receipt of the same
at Nanuya after
3rd June 1947

The feelings had been rather strained between us by the time I was posted to Mandya on the several points I have already submitted. I am now, with your kind permission submitting the following Confidential D.O Letter

V. V. Monteiro Esq.
M.B.B.S. (Lond) M.R.C.P.S. (Glas)
L.D.S. (Eng).

Mysore Medical Department

Telegraphic Address
Telephone No 2462

Office of the Assistant Surgeon in Mysore
Bangalore
Dated 11th July 1947.

D.O No
C.253-5

Enclosure

Confidential

Dear Mr Nanjundaiya

Ref. 1. Insurance proposal No. 880207 B.L. Sathya Narayana, compounder Health unit Kilara examined on 29-5-1947

2. Insurance/proposal no 9830/Bettiah. mainly, power + light Srinagapatam examined on. 19-6-1947

with reference to the your letter no. dated 28-7-1947 on the above subject; I observe that your explanation for having declared the proposers as "Eligible" though their weight was far below the average is quite unsatisfactory and unconvincing. Your medical reports in respect of these two proposers betray your sense of irresponsibility and utter carelessness in performing medical Examination. Your name is, therefore struck off from the list of Medical examiners for the

Government Insurance
department.

Yours sincerely
(Sd.) V. V. Monteiro

Hospital Mysore.

True copy 1/3/1980

This is the only occasion
in which he had occasion
to use some remarks and
he had his wast orders.
I subsequently resubmitted
to him that I was first examined
to Mysore Government Insurance
department, and almost
all the insurance Companies
in India and foreign land
are open from the beginning
of my service and even
before joining the service
in Mysore Government as I
was a ~~Government~~ graduate
of Medicine and Surgery

and that there were three
other senior surgeons junior
to him under whom I had
served and up to the date
of that date, was on the list of
all the other Companies drawing
maximum scale by insurance
amount and that he may
be kind enough to reconsider
his decision. I assured him
that I would keep up to the
standard of work in future
All that would move
him. I am sorry to submit

The milk contractor at
Mandya during the time
I was District Medical Officer
was in the habit of supplying
very inferior milk & thinking
on the approval and after submission
to the Senior Surgeon that state
and with his official orders
fines were imposed according
to Government orders Some
where about 3 500 Rs ~~were~~
~~to be done~~ still without the
slightest improvement
what he was me. of relief
had to be done and was
done is herewith indicated
by the remarks of the
Board of Visitors of that
period: Instead of improving
the quality of milk by the way

in which he (contractor) behaved in this occasion for months he made me feel that the Senior Surgeon had not countersigned his bills: when I went to see the Senior Surgeon in his office and personally once again explained to him the position of the Contractor, I was pained to hear the words that the Contractor was more important to him than I. and that he would continue to be on his bill at Nanyuki itself and that he would report to Government for disciplinary action against me. Hence:

Proceedings of the meeting
of the board of visitors held
on Saturday the 5th instant
April 1947 at 10 a.m.

Present G. Devaji Rao.

I am the only present.
Doctor Kamaiya Nanjundiya
the present D.H.S. Medical
Officer was pleased to take
me round the hospital
premises. The hospital is
kept quite clean. The main
gate appears to be on the
eastern side. It contains the
following buildings, the
Dispensary, the Out-patients
The Complaint against the
quality of milk is very
loud. The matter was
agitated in the Taluk
Conference also. I find

that the present D. M. O has been taking prompt and effective steps to get good supply of milk by his staff upon the contractor milking the cows in the hospital premises only.

The X'ray Room is not equipped the fittings have not been completed. The Lep. Ward also is in complete, work appears to be very slow.

Lt. Col. Devoji Rao.

Proceedings of the Meeting of the
Board of visitors held on 21.6.47
present G. Devagiyar.
Absent I.D with the Hon. President
Mr Hormiah
Mr. Abdul Basith
Mrs. Lakshmiah Ammiah.
None of the other visitors
has turned up. I was taken
round the premises by
the D. M. O. They are quite
clean. The acute milk problem
has been satisfactorily solved
by the District Medical
Officer. There is nothing
of importance to be
recorded.

My dress has been a personal matter and official in the strictest term. The lapses if any have never been intentional or conscious.

As a student of central college I was wearing only Hassan Caps, washing them frequently. This I used up to my taking B. A. degree of Mysore University.

As a student of Medicine & Surgery I was in Bombay Grant Medical College a felt Cap or Caps frequently changing these. After Graduation and from the moment I entered University Medical College, Bangalore on its staff of teachers and professors I started wearing Turban only. Most of my senior officers in college & Victoria Hosp. at were wearing the same. Very few of them were with hats or Caps of foreign make preferably. When transferred to Mysore this was continued under the several medical officers

including Doctor Robinson; At
Yelahanka, Bangalore Mills was and
Victoria Hospital a second time,
Seringapatam, Nanjangud, Tipture,
Medical officer of Mysore Dt and Chitaldrug
District & Mandya. While in Chitaldrug
District where frequent interior journeys had
to be made I purchased a hat for temporary
use only which travelled in Bullock Carts.
From the time I was first in Mysore
Krishnarajendra Hospital, I was on Palace
list of invitees. Immediately I got-
stitched the Palace dress according
to Specification & it still maintained:
whenever I went for Dinners or any
functions with other officers, I have
maintained the same turban. When I went
to pay my respects to the Then Public
Health Minister while I was District
Medical officer of Mandya, I went
in my suit and Turban. Cleaner
I had ever worn, he remarked that I
should change the hats and caps.
I, thanked him very very sincerely,
and at the same time submitted to him
that I have not offended him
with my turban.

I have attended the Palace Durbar for about 75 to 85 days at least in the several years and I have had the greatest respect for its etiquette, formalities, obligations and all the De Corum and Orders.

While making surprise visits to hospitals or dispensaries at very odd hours my check has been quite decorous, clean neat, and not making the in mates being disturbed in the least.

I yours sincerely
Lewis Varrow Lang
Surgeon, Victoria Hosp. 4.

Respectfully submitted

Sir, I am in receipt of the proceedings of the Government of Mysore (Strictly Confidential) Order No. M 11585/87 CB. 305 49-1 dated 27th February 1950

on 8.3.1950

I very painfully regret for having caused the same. I am very much thankful to you for the same.

Please permit me to submit herewith a brief report of the work done by me during the years referred to in the order i.e 1944/45 and 1945-46

and of my subsequent transfers to the places subsequent to those. This will, I hope convince you that I have proved by the appended statistics and remarks and ~~such~~ circumstances of the reporting officers of those periods.

These officers have been moved by personal feelings, private motives to bring up other officers of the same department, communal considerations, party politics and a variety of motives that you may know playing everyday.

Such an order is the first of its kind on me. I have not even received warnings, degradations

loss of any place or promotion
due to an officer of my
status:

A reference to the service
register maintained in the
Comptroller's office will prove
this. I have not even taken
more than about three and a
half months of privilege leave.
I have Continuously worked
in almost all the District as
Assistant Surgeon: District
Medical officer Mysore: Mysore
Railways District Medical officer
Chitteldrug District Medical
officer and Kundgol District
Medical office. A review
of the Government orders about
the medical department
during the above two years

will bear testimony to that.

The last date of my increment that has been granted is 1-1-50 on Rs 590/-.

In no year is there a remark about my mark. The University Medical college has engaged a very considerable part of my work whether directly on its staff or otherwise.

Such an order will cut short my life by not less than 10 years of the same.

Social status will be reduced to a minimum in my advanced years. I have never practised in any institution in which I served - Medical inspector

of schools officer in charge
of famine stricken
Chittledrug district;
Mahmud, with the lowest
rates for their coffee beans

The words "locking in character"
have been used to indicate a
one personally reporting officer.
What it is a reference to my
not being a Clubman.

All the increments have been
earned and granted without
allowing any supersession
up to now.

Now, I pray that you may be
kind enough to cause the
reversion of the Government
order referred to above and

To restore me to my former place as on the last date of this order and an interim order to stay the proceedings be executed. Allow me please to earn my next increment in a quick and efficient manner. I assure you, Sir, that in spite of these remarks I shall take up the surgical work of the highest order in any major institution as I have done in the past. The lapses in the intervals are not due to me as you will see please to make out. With a view to become the highest officer of the state, I have maintained the highest traditions of government service

professional and administrative

Nobility of Character, discipline,
love, sympathy, & fellowship
have been used in one occasion
or another of the remarks of several
inspecting officers.

I have never been accused
of serious charges of any kind,
[illegible] corruption etc.

I am a father of 8 children
not one has yet finished any
professional course since I have
been away from them on Public
duty leaving them to their lot
as there were no high schools or
Colleges of a high order while I
served

my professional qualifications
status and humane ones
above all may I now appeal
to you to be gracious enough
to cause the reins in the said
government trade and bring
peace and prosperity to me &
to my family.

Yours sincerely
Kanja Nanayakkara
Surgeon, Victoria
Hospital, Bungalow

Copy of letter no
C. 3309-1 dated 5-6-42
from the Senior Surgeon in
Mysore Bangalore, to the District
Medical Officer, Tumkur District
Tumkur,

His memo. no 555 dated
the 28th May 1942, submitting
the application of Mr. Kanija
Naga Nayaka Assistant Surgeon
Tiptur requesting him for a
transfer to Bangalore or Mysore

With reference to the above
has the honour to inform him
that it is not possible to transfer
him just at present.

Office of the District
Medical office,
Tamkuu District,
Dated 6th June 1942

No 4069

178.

F. No. 9/6/42/ Copy of the above is forwarded to Kaniyo Nagamatsu engle Assistant Surgeon A. T. Hospital, Tipkuu for information.

(Sd) S. K. Bligini
Lyhyo
District Medical
Officer.
Tamkuu District.

After such repeated requisitions I was transferred to Kristmanyam Hospital, Akyase for surgical work sometime later.

When I was transferred to

Thirthahally in no M. 6838-
Med-2-43-21 dated 19th
January 1944, I submitted
a memorial to the Senior Surgeon
to be kind enough to have the
order kindly altered as I had
already served in Malnad Contin-
uously for three years at Sakleshpur
when I personally represented
the same at his office, he made me
understand that the then Minister
for Public Health had caused the
as a temporary measure in
view of the grave situation
having occurred at Thirthahalli
namely - the Municipality had
been repeatedly requesting the

Government for posting a Senior Assistant Surgeon, a post for several years and that there was likelihood of a resolution being passed likely not only withdrawing the Municipal quota for the hospital and possibly also establishing an independent institution under the powerful Congress party there, prejudicing the fair name of the Government of His Highness the Maharaja of Mysore.

~~C.I.E. C.B.E.~~

At the same time he permitted me personally to submit to him and if he was pleased he might be willing to change me to some District Hospital as District Medical officer.

For about four months I

Worked extraordinarily well maintaining a very high order and attendance both of which had considerably gone down to the lowest recorded figure of that institution. Soon I was made the District Medical and Health Officer Chittoor by the District when I went to the Senior Surgeon's office to pay him my respects and to take instructions from him, he felt sorry that the Minister had caused these two orders and not the Senior Surgeon as was usual.

I could not however, make anything. He made me feel at the same time that I joined the Congress party, though I had nothing

to do with any political party and that I had always been a government servant of a high order. By a few more months, he made out, that I was a teetotaller, when he programmed for inspection of the District Hospital Chittoor and also had not deposited money in the Gopal Rao's bank and not canvassing for the same. That I was a teetotaller and a non smoker was a surprising point to him. He made up his mind to get me dismissed from service even against any long and good years of such recorded service.

Copy of the statistics of the
District Hospital Chitaldrug

	1945	1946 to date
1. No of beds provided	40.	
2. Daily average of No. of Inpatients	41.	53.06
do. Outpatients	303	354.29
3. Number of Operations Major	30	40.
Conducted Minor	850	865
4. No. of Labour cases conducted in Hospital	297	241
in Town	79	90
5. Hospital receipts since 1.1.46	71-1	
6. Inpatient Charges realised	50-	
7. Pathological examinations done	654-	420

26th July 1946.

Copy of the same submitted to the Senior Surgeon with the Government of Mysore, Bangalore.

Copy of the Remarks made by
the Minister for Public Health and
Education during his visit to the
District Hospital Chitaldrug
on 28th July 1946

Visited the Hospital with the Senior
Surgeon. Went round the wards and
found them full with patients.
The hospital and premises were kept
clean and tidy. The institution is
popular and Mister Kameyar Rama
Sundaram is doing good work
There is a great need for a separate
out patient Block and quarters
for the medical subordinates and
the nursing staff. The con-
struction of these buildings may
be expedited.

Copy of the above submitted to the Senior
Surgeon with the Government
of Mysore Bangalore.

25 Kanniyar Ramaswamy
District Medical
Officer Chitaldrug

True copy
12/3/1950

He tried to misrepresent and damn me permanently. By an oversight in the Operation register of Chitledrug Hospital a wrong terminology was discovered after I had left that place. In his confidential D.O. letter no C. 1477 dated 10th December 1946, he was kind enough to use harsh language. In my letter D.O letter. 11th March 1947, I regretted for the same very sincerely and requested him once again to forget the same in view of the fact that I had performed these operations for several years with proper terminology there and

elsewhere. I had very severe strain at Chitledrug during the 2½ years of the worst famine known in Mysore. I had to travel over a number of interior villages and also in connection with the inspection and disposal of several village sites pending over twenty years.

I therefore requested him to cause transfer me as early as possible to another district. But he went on ridiculing me that I had joined hands with the Congress party that was getting into power. Also, at one of the Meetings of the Mysore Medical Associations, he made the medical officers and subordinates not to cooperate with me

a Congress man the using such expressions that I was lacking in Character when I requested him for a copy of these, he would not be kind enough to do the same but made me feel that I should not be a teetotaller if I should continue in service.

At the last medical Conference in 1949 at Mysore, when the president and several others of the Association, made out that I was a Lee to the whole section of them were orally instructed not to assist me in future and try to remove me from

in the least from that date.
They all came to an understanding
with the medical Association not
to cooperate with but simply
pretend doing the same, though
no Government or any other
authoritative orders were
issued for the same to me.
The medical officer of
Krishnarajendra Hospital
maintained the same attitude
and tried his best
to prevent me from working
there hence forward.
Strange still, the Govern-
ment order C.B. No 46/1
C.B. 402-46-1 dated 24th
July
1946
depriving from 500 Rs/to
450/- making the item
Government feel that I was

service.

With such an attitude the moment I was transferred to Victoria Hospital, Bangalore (Honorary surgeon on board) last year, the Director of Hospitals made me understand that unless I changed my attitude and go to his club and drink with him, thus marking him obedient and that I had become one with him in his attitude he would not permit me to work. The Government has been kind enough to sanction the last increment due to me up to 1.1.50.

During the last six months with the permission of the Director of Hospitals (Honorary surgeon a

I have on several occasions submitted orally this fact and on all those occasions I have been assured that work would be given to me soon at this hospital.

On such repeated assurances from the Government, I have been hoping for work.

From about 13th August 1947

After receipt of C.B 460 - 1 CB 402-46-1 dated 24th July 1947 I have submitted a memorial to the Senior Surgeon to get that order the harshest that has ever been served on an officer of my status and work already put

the period referred above
Cancelled and restore me
to my proper place.
Month after month, I had been
repeatedly requested him and
he did not either be kind
enough to acknowledge my
representations through
his office or allow them to
be submitted to Government
of His Highness the Maharaja
of Mysore. As a last resort,
in Confidential D. O. No
C. 253-3 dated
11th September 1948 I had
to submit the papers to
the Government of His
Highness the Maharaja
of Mysore ~~submitting~~ copy
of the same to him.

I had not drawn my pay
for about 17 months for no
fault of mine. During all
that time he had pre-
vented me from Working at
Krishnarajendra Hospital
as I have already submitted.

A Car advance also
is due from me to
the Government of Mysore
on Treasury Receipt no 792
dated 8-12-49 Depos-
ited on 7-12-49
office no ~~1-4-49~~ 1419
1/49

Deputy Commissioner's
office, Bangalore Distt.

At Chittledrug District Hospital I got the following done not much liked by the Senior Surgeon.

1. Cow shed to milk at the premises
2. Brahmin Kitchen in respect of the proceedings of the board of Visitors with Cook and establishment.
3. A Brahmin Kitchen block in the District lock up according to the orders of the recent recommendations of several authorities.
4. Insistence of the milk being drawn at the shed — failure to do this resulted in fining the Contractor to the extent permitted to the Officer. This went up to 200 to 300 when there was a possibility of the same being insisted on the Contractor brought the requisi

number of animals. I frequently inspected the operation myself.

5. Insistence of fairly regular duties to the officers or subassistant surgeons, especially during nights and warnings for breaches of a serious nature including recommendations for transfer to other places.

6. My attitude towards the District Board, Municipalities and other allied bodies has been very courteous, dignified, non interfering, yet maintaining the perfect Government orders and audit objections of the past years. In many places, however, on account of the Congress activity several seats and offices have been captured by them for which I am not in the least responsible.

7. Where I had not allowed

a few cases of Mysore Government Life Insurance policies due to overweight or any other regular causes after myself weighing and examining as ~~an~~ my fit he is said to have got them fit by some other Colleagues of mine.

8) He was rather too much interested with in being influenced by the fairly strong Communities the Ministers and others without much thinking of the poor classes in the villages with the greatest difficulties. Even during such an intensive famine he did not take particular Care for the provision of a Van when the Government was anxious and generously provided funds for by Crores in fact. I requested him very frequently

for the same. Copies of weekly reports of the famine condition were being submitted by me to the Government also and proper resolutions were obtained for maintaining the same at the Municipality and the District Boards.

9. Almost at the close of the famine he sent a Van pretending to do some service through two officers who had returned from War service in whom he had special interest. He could have travelled a little more in the beginning according to my personal requests and government Communications to him.

10. I think, sir, I am the only officer who had such intensive tours into the villages scattered far and wide, walking several miles a day, inspecting all the dispensaries regularly, these not being inspected for three to four years. Under such circumstances and also if there was a method of passable T.A. Bill an unkindly remark was levelled and made me feel that he was rather not-humane. I know, sir, under such objection anything can be scrutinised in an office with maps and toposheets. The differences in the whole

period could not have ex-
ceeded a few hundred rupees.
Nor, any office will have.
I am sure, a similar occasion
Continuously again:
The Kindness of a Senior
Officer was not shown to me.

Copy:

Revenue Secretariat.

Review the administrative report of the Revenue Department for the year ending with 30th June 1946.

2. A development Officer of the status of an Assistant Commissioner was appointed for each district to attend exclusively to the rural development work.

3. Tours and inspections:

The Deputy Commissioner Chittagong camped out for the largest number of days and inspected the largest number of villages roadside and interior.

4. Distress relief measures

Though no area in the state was declared as famine stricken

under section 48 of the famine code. relief was provided in every possible way to the people of Chittedrug, Kolar and Tumkur districts where signs of distress were noticed early in November 1945 and deepened on account of the failure of the North East Monsoon.

No 2174

reply to this.

Kanthanayakanahalli Hospital; Mysore.
23rd December 1946.

The District Medical Officer Chitaldrug

Dear Mr Lakshmana Rao Padaki.

With reference to your letter No 2174 Dated 20th December/46 I write thus the details as follows

1) Born Devanahally
15-10-46 — 3 miles from Head Quarters
is the Taluka village in Ranna Taluka Hobli about 3 miles from the main road along Cattle during Bellary road: I had to walk that distance and return to Rampur for rest.

2 Malebovanahatti is the border village of Nayakanahatti Hobli and about 18 miles from Head Quarters. I have actually spent 18 hours in a country bullock Cart for the journey.

3. At Hulikunte, Gajanahalli and Chikkanahalli a Considerable

part of the journey had to be done in country tracks: several alternative places had to be inspected before expressing opinions in the matter.

I therefore submit that I may kindly be permitted to draw the travelling allowance in these places.

Yours sincerely
Mayer Nagenthiram.

Power and Light Serinja
patam, examined on
16-6-47.

With reference to your letter
dated 20.7-1947, on the above
subject, I observe that your
explanation for having de
Clared the proposers as
"eligible" though their weight
was far below the average is
quite unsatisfactory. and
unconvincing. your medical
reports in respect of these
two proposers betray your
sense of irresponsibility
and utter carelessness

in furnishing medical opinion. Your name, is, therefore, struck off from the list of medical examiners for the Government Insurance Department.

Yours sincerely
V. V. Montiero

To
~~Doctor~~ Kaniya Nagendra Rao, Esqr.
Surgeon, Krishnarajendra Hospital
Mysore.

This is the only occasion in which he had occasion to use some remarks and he had his worst orders. I subsequently remembered from him that I was examining to Mysore Government Insurance department and almost to all the insurance companies in India & foreign land over a period

of from the beginning of my service and even before joining service in Mysore Government as I was a graduate of Medicine & Surgery and that there were three other Senior Surgeons junior to him under whom I had served and up to the date of that day was in the list of all other Companies drawing Maximum scale of insurance amount as fee and that he may be kind enough to reconsider his decision. I assured him that I would keep up the standard of work in future. All that would not move him. I am sorry to submit.

Proceedings of the meeting of the Board of Visitors held on Saturday the 19th instant. April 1947. at 10 A.m.

Present & Devotion.

I am the only member present. Doctor Kamiya Nagamunya the present District Medical Officer was pleased to take me round the hospital premises. The Hospitalis kept quite clean. The number of beds appears to be on the decrease. It certifies to the general health condition

The complaint again the quality of milk i

The milk contractor at Mandya during the time I was District Medical Officer was in the habit of supplying very inferior one to think of. on the approval and after submission to the Senior Surgeon that state and with his Official orders, fines were imposed according to Government orders somewhere about three thousand five hundred rupees still with the slightest improvement what measure of relief had to be done and was done is herewith indicated by the remarks of the Board of Visitors of that period

Instead of improving the quality by the way in which he (Contractor) behaved in this occasion for months he made me feel that the Senior Surgeon had not countersigned his bills. When I went to see the Senior Surgeon in his office and personally once again represented to him the position of the Contractor, I was pained to hear that the Contractor was more important to him than I and that he would continue to be on his bad boy list myself and that he would report to Government for disciplinary action against me.

Very much. The matter was
agitated in the Taluk conference
also. I find that the present-
D. M. O. has been taking
prompt and effective
steps to get-good supply
I made enquiries from
the contractor making the
cows in the hospital premises only.
The bill amount is not-exhausted
The funds have not been
completed. The septic tank
also is incomplete. Work
appears to be very slow.

Mandya 12/3/57

My dress has been a personal matter and official in the strictest term; The lapses, if any, have never been, intentional or conscious;

As a student of Central college I was wearing only Hassan Caps Was using them frequently This I used up to my taking B.A. Degree of Mysore University. As a student of Medicine & surgery in Bombay Grant Medical college I was using felt cap frequently changing. After graduation, & from the moment I entered University Medical College, Bangalore on its staff as teachers and professors I started wearing Turban only. Most of my senior colleagues in College and in Victoria Hospital were wearing the same. Very few of them were with hats or Caps of foreign make

preferably. When transferred to
Kanthamanjendra Hospital Mysore
this was continued under the
several medical officers
including Doctor Robinson
At Sankeypur, Bangalore Malls
Warm Victoria Hospital a
second time; Seringapatam,
Nanjangud, Tippur, Medical
Officer of Mysore District, of Royal
Ways and Chittledrug District
and Mandya District: While
in Chittledrug district where
frequent interior journeys
had to be made I practised
a hut for temporary use only
while travelling in hill tracts
From the time I was first
in Mysore Kanthamanjendra Hospital
I was on the palace list of ~~officers~~ invitees
immediately got stitched
the palace Dress according
to Specifications and
still maintained.
Whenever I went for any
dinners or functions

with other officers I have maintained the turban: when I went to pay my respects to the Then Public Health Minister while I was District Medical Officer, Nawalya, I went in my suit and turban the cleanest I had ever worn, he remarked that I should change to hats and caps. I thanked him very very sincerely and at the same time submitted to him that I have not offended him with my turban. Thus

I have attended the Palace Durbars for about 75 to 85 days at least in the several years and I have had the greatest respect for its etiquettes formalities obligations, and all the

Decorum and orders.

When making surprise visits to hospitals or Dispensaries at very odd hours, My dress has been quite decorous, clean neat and not marking the inmates being disturbed in the least

yours sincerely
Benjn Travers Harris
Surgeon Victoria
Hospital.
